

COVID-19's Impact on Social Security Claiming Decisions

This program is approved for 1.0 hour of CFP® CE Credit, provided by the Int'l Retirement Resource Center.

Note- by filling in your CE information, you are agreeing in exchange for 1 CE Credit to receive periodic email notifications about future valuable retirement-specific CE opportunities. You may opt out at any time.

About our speaker:

Mary Beth Franklin, CFP, is one of the country's leading experts on Social Security and Medicare.

An award-winning journalist and Certified Financial Planner, Mary Beth writes a weekly column on retirement issues for Investment

News, a publication for financial advisers. She is also author of the ebook, *Maximizing Your Social Security Retirement Benefits*.

1-Hour Session | Key Takeaways:

1. Understand how claiming age affects the amount of Social Security benefits received by retirees and their surviving spouses
2. Learn how earnings from a job can reduce benefits if claimed before full retirement age and what to do if you retire after exceeding annual earnings limits
3. Discover strategies to reverse early claiming decisions and create larger future benefits.

Content Overview:

Social Security benefits represent one of the few sources of guaranteed income that retirees can count on for life. Deciding when and how to claim Social Security benefits is one of the most important decisions that retirees will ever make, but the rules are complicated.

While there has been a growing appreciation in recent years of the value of delaying Social Security to maximize lifetime benefits, the COVID-19 pandemic and its devastating impact on the economy has prompted some Americans to rethink their previously planned Social Security strategy.

Whether responding to job loss or market volatility concerns, claiming Social Security earlier than planned can resolve some immediate income needs.

When and Where?

Date: Wednesday, August 19th

Time: 11:00 am - 12:00 pm PST
2:00 pm - 3:00 pm EST
